

VACANCY– FIRE SAFETY OFFICER

Briar Chemicals is focused on providing the best contract manufacturing and site services to customers in the agrochemical, fine and specialty chemical industries. Based in Norwich, Norfolk, Briar Chemicals is a leading large scale chemical company delivering customers' needs utilising its broad asset and technology base underpinned by its quality driven project management.

We currently have a vacancy for a shift Fire Safety Officer, working in a team of 5 who collectively provide 24/7 coverage for the site.

The primary function of this role is to train, motivate and lead the on-site emergency response crew. The secondary part of this role is to contribute directly to Chemical manufacturing activities on night shifts as required by the operations team.

You will play an integral role in general site safety and security, providing expertise in assessing work activities from a fire and rescue perspective as well as ensuring compliance with various fire regulations and preparing fire risk assessments. The role supporting chemical plant manufacturing operations will include monitoring and control of operations in both manual and computerised systems, product quality testing and contributing diagnosis and/or solutions to assist continuation of processing

Your Qualifications / Experience

The successful candidate will:

- Have proven fire fighter experience.
- Be able to demonstrate suitable "command and control" ability / experience
- Previous experience of HazMat response and/or experience within a chemical industry environment would be beneficial.

Full training and support will be given to the successful candidate to build knowledge and understanding of the site specific hazards and associated fire mitigation systems. Significant work based training and home study is required to achieve competence in operations.

This post is regarded as a critical role in maintaining site security and emergency preparedness. You will be a quick learner with excellent communication and motivational skills, willing to lead and train others by example.

In return for your commitment we will offer an attractive salary and the possibility of a longer term appointment at the end of an initial 1 year contract.

Closing date for applications: 15th June 2018

If you would like to be considered for this role, please apply in writing to Human Resources, Briar Chemicals Ltd, Sweet Briar Road, Norwich NR6 5AP or email HR.Recruit@briarchemicals.com submitting your CV and application letter stating why you believe you are a suitable candidate.
