

Chemical Manufacturing Operator

Briar Chemicals is focused on providing the best contract manufacturing and site services to customers in the agrochemical, fine and specialty chemical industries. Based in Norwich, Norfolk, Briar Chemicals is a leading large scale chemical company delivering customers' needs utilising its broad asset and technology base underpinned by its quality driven project management.

The Operations department is looking to recruit new Chemical Manufacturing Operators.

The role of Chemical Manufacturing Operator involves a wide range of tasks that include:

- Chemical plant manufacturing operations, including monitoring and control of operations in both manual and computerised systems.
- Liaison and teamwork with other team members to achieve the schedule of work.
- Product quality testing at intermediate and finished stages.
- Reporting problems to relevant parties and contributing diagnosis and/or solutions to assist the timely and efficient continuation of processing.

Your Qualifications / Experience

The production schedule is extremely demanding offering both physical and mental challenges. Preference will be given to applicants who are able to demonstrate the following skills

- Relevant experience in a similar process industry
- A thorough understanding of Health and Safety practices
- A methodical and organised approach to work
- PC literacy
- City & Guilds and NVQ qualifications in Processing Industries Operations.
- A good level of physical fitness

The successful candidates will need to demonstrate a flexible approach to work as they will be required to work a 12hr/day continuous shift system and take part in emergency response roles as directed by the company. These include; fire crew, incident control and first aider. Successful candidates will need to be committed to achieving high work standards.

Relevant training will be provided; this will require significant work based training and home study to achieve competence as an operator.

Closing date for applications: 26th October 2018

Interviews for shortlisted candidates will be held the week commencing 12th November 2018

If you would like to be considered for this role, please apply in writing to Human Resources, Briar Chemicals Ltd, Sweet Briar Road, Norwich NR6 5AP or email HR.Recruit@briarchemicals.com submitting your CV and application letter stating why you believe you are a suitable candidate.
