

VACANCY - TECHNICAL SPECIALIST

This is an exciting opportunity for an innovative and proactive individual to take on a role within a successful chemical manufacturing Company, with over 60 years of chemical manufacturing heritage and an established reputation for excellence. Briar Chemicals is focused on providing the best contract manufacturing and site services to customers in the agrochemical, fine and specialty chemical industries. Based in Norwich, Norfolk, Briar Chemicals is a leading large scale chemical company delivering customers' needs utilising its broad asset and technology base underpinned by its quality driven project management.

We currently have a full-time vacancy for a Technical Specialist to join the Operations department.

Reporting to the Production Unit Leader, the main responsibilities of the role are:

- To provide Technical Expertise with a problem solving and troubleshooting service to the Norwich Manufacturing Organisation.
- To propose and validate process improvements and to provide expert technical input into the design and development of new and existing plant, processes or products on the Norwich site.
- To audit plant performance standards of Safety, Environment, Quality, Reliability, Capacity and Cost.
- Working within a Technical Support team, support and give technical guidance in support of the Plant Manager and Engineering support team.
- Daily contact with Operations personnel, communicating and influencing to provide the technical support for the operation and optimisation of processes.
- To undertake all necessary laboratory & investigative studies & evaluations to support existing and future manufacturing

Qualifications / Experience

Prospective candidates must hold:

- A chemistry or chemical engineering degree.
- Experience in the technology, operation and systems of chemical production.
- Experience of industrialisation is preferred.
- A 6 sigma/Lean qualification & experience is preferred.
- Experience of chemical plant control systems is preferred.
- This role will be most suited for someone with a few years' experience, ready to take on a challenging & varied technical role, exceptional candidates with less experience will also be considered.

Additional Information

The successful candidate will possess:

- A positive attitude, be self-motivated with the ability to work effectively without constant supervision
- Good organisational, communication and interpersonal skills, and be driven to deliver high quality solutions to meet objectives
- Good team working skills
- The confidence and ability to take on challenges and learn new skills
- A flexible approach to working hours

What we can offer you

In addition to a competitive salary, we offer the following benefits:

- 25 days' annual leave plus Bank Holidays.
- Group Personal Pension scheme - we will match your contributions, plus 2% extra, up to a maximum of 10% employer contribution.
- Contributory Private Healthcare scheme.
- Life Assurance
- Flexitime
- Cycle to Work scheme.
- Free, onsite car parking.

This is a full time role - Monday to Friday, 39 hours per week.

Closing date for applications: 9th December 2021
